Failure to meet this minimum requirement will result in disciplinary action and VVA WSC suspension – refer to VVA Constitution and National Disciplinary Policy. Second, copies of the Election Report (2016) and the Financial Report (2015) with IRS data must be submitted to the VVA WSC Secretary.

The Secretary shared an Email from Laura Robinson regarding VVA Chapter 236...

"The Rock County VVA Chapter 236 went above and beyond for myself and my children on May 23rd. VVA Chapter members were at Craig High School to give a talk to my daughter's social studies class. We had just buried my father, John Leja, a Vietnam Veteran n Saturday. I was concerned it would be very hard for my daughter so I cam to the class. I wanted to explain the situation in case she needed to leave so that they knew she was not being rude. What happened next was amazing!

The support I received from the men was beyond what I could have asked for. They asked for me to get my son out of his class to join in with her class. They let him wear the field gear my Dad would have worn [in Vietnam]. Then after class they performed the flag folding ceremony and gave each of us coins as well as letting us keep the flag in honor of my Father.

Each of the men had genuine compassion for what we were going through. I had told my daughter that morning that Vietnam Vets look at each other as brother and the families of other Vets as their own. These men demonstrated this to my children beyond words. It is very hard to express all of this in writing.

I just wanted to say that these men truly helped my children and I through our grief!

Thank you for your service.

Treasurer's Report: Patrick Craney, VVA WSC Tresurer, provided VVA WSC Financial Report.

AVVA Representative Report: Pat Furno, Wisconsin's AVVA Representative, reported that AVVA has modified their membership fees to \$100 for those 60 years and older and \$175 for those under 60 years.

Pat gave a brief update on the In Memory plaque in Washington, D.C. The powers of moving this forward are moving slowly. At this point in time, it appears, the plaque will not be upright rather on the ground.

VVA WSC Region Director Reports: Regions 1, 2, and 4 had no reports.

Region 3's report as shared by Tom Hoffman...

"My report is going to be summed up in the following letter from the Teachers at Washington Jr. High School in Manitowoc, WI."

"God bless you all and please keep our Men and Women who are serving our Country in your thoughts and prayers."

Subject: Some thoughts that Jim put to paper for us

I have studied history for many years and the Vietnam War has always held a special interest for me. For many years I have had the distinct pleasure and opportunity to get to know and listen to the Vietnam Veterans reveal their thoughts, feelings, and sentiments about the war. I admire these men with the highest of esteem and honor, words fail to thoroughly describe these feelings, but every year I am torn up emotionally that they still wrestle with the legacy of the war. The WWII generation is called the greatest generation for what they endured and accomplished in defeating fascism around the world. They deserve the title. I also think that the Vietnam veterans should also hold claim to that designation as well. The lessons of Vietnam will hopefully never be forgotten. In numerous ways their sacrifice has changed the way this country handles war and foreign affairs. The mistakes the leaders, media, and American's made during the Vietnam Era will, optimistically, never happen again. This country will never again turn their back on a generation of soldiers. Our Vietnam vets, through their sacrifice, have saved the lives of untold millions of soldiers presently and for generations to come by the lessons learned, as well as sheltered the many service men and women from the heartache of a country not appreciative of their sacrifice. Current American service members, as well as every citizen of this country, owes the Vietnam Veterans the ultimate thank you for not only did they serve honorably, with some giving the ultimate sacrifice, but they also endured the burden of a nations errors so that all of those brave men and women of the future do not have to.

That makes them part of the greatest generations in my book.
