

Hi there,

I wanted to make sure you saw the announcement that our upcoming [Staying Connected from Home](#) course is now free! In this course, you'll learn everything you need to know to stay connected and productive from the comfort of your home. With lessons on video calls, group messaging, working remotely, and more, following this curriculum will help you not just get through this period, but enjoy it!

The course starts this Wednesday, April 15th, so [sign up for free today!](#) To get the most out of this course, we recommend taking it with friends and family who you are staying in touch with during this time. We made the course free so that everyone who would benefit from this content would have access to it. Please share with anyone you know who is practicing social distancing and could use help learning to use their iPhone to stay connected.

See you soon!
