

CHAPTER 448 REPORT

Chapter 448 has had a good year. We held our annual Chapter Christmas Party and the turnout was great.

In October we held our annual raffle drawing and were able to make a \$1500 donation to Concordia University-Wisconsin for the scholarship program. We started this program several years ago and it has been successful in assisting students that were in the military and continuing their education. Chapter 448 is the only veteran organization that is involved in this program.

We lost a member, Wayne Mortimer in January and our honor guard did the honors for his funeral.

Currently we are working on our summer Brat Fries and have them scheduled through September. Our first one is in April and then once a month during the summer.

At this time the Chapter is planning on having at least three members attending the National Convention in Spokane.

Have a great and safe summer
